Action:

Grant funding obligation action for referenced grant project (funded with ARRA funds) per NEG agreement. See Grantee application dated February 9, 2010 which is incorporated by reference.

Additional Special Terms and Conditions:

Project Name: The project name has been changed (from the name on the application) to read: "WI Statewide Dual Enrollment (ARRA)" and should be used in subsequent grant modifications and reports.

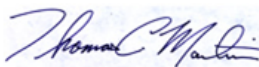

Budget and Plan: The approved threshold amount is up to \$13,614,919 for the overall Grant Period (January 1, 2010 through December 31, 2011), with an initial award amount of \$5,072,148. Additional increments may be provided based on enrollments and expenditures and will be subject to availability of Federal funds. The Grantee must submit revised budget and plan documents to reflect the initial award amount within the Grant Period limitations. In the interim, the budget and plan figures are approved as reflected on Quarter 3 of the Planning Form, subject to the additional condition below.

NEG/TAA Funded Training: Prior to submitting the grant modification, the Grantee must contact the Federal Project Officer in the Chicago Regional Office (Catherine Brooks, 312-596-5531) for guidance on the allocation of training expenditures funded by the NEG. The Grantor will allow dual enrollment grantees additional flexibility in allocating NEG expenditures/enrollments for those participants whose determination of TAA eligibility is pending. Recognizing that State policies and circumstances of particular layoffs will vary, these requests will be considered on a case-by-case basis. Enrollments and expenditures for NEG-funded training, as well as the appropriate length of time that participants can be enrolled in NEG-funded training (where TAA eligibility is pending), can be discussed in advance of the modification submission.
